

NOTICE TO MARINERS No 06 - 2018

Obstruction adjacent to berth 5 & 7, Nigg Energy Park

Chart – BA1889

Mariners are advised that 6 rocks, maximum size of 3.0m diameter, are located on the seabed at Nigg Energy Park adjacent to berths 5 and 7.

Mariners are advised to be aware of the reduction in the available depth of water at the above location when berthing or assisting MODU's using Nigg Energy Park.

Recovery of the rocks will begin in February 2018. Once all rocks have been recovered this notice will be cancelled.

All mariners should seek advice from Cromarty Firth Port Radio on VHF Ch11 or 01349 852308 if required.
